PROJECT iAm.
iLaugh iCry iLove iPlay iAm

Project iAm has distributed thousands of dollars to families in the Northwest Ohio area to help with their children's ASD needs. We asked some of our families about experiences with Summer Camps and found that Camp NUHOP has been successful for some of our kids. We reached out to the Camp and they are very excited to help us send 10 of our Project iAm families to their camp this summer!

Applications must be received by March 15, 2016 and a Camp NUHOP member will be located in the tent at Acoustics for Autism this year on March 6, 2016 to accept your applications as well as answer any questions you may have. Along with this completed application, you must provide the following to Project iAm by the deadline date.

1) Please provide the ASD qualified medical diagnosis of your child(ren)
2) Please provide a thoughtful statement on your child's situation, ASD, and how you think this will benefit him or her.

By submitting this application in full by March 15, 2016 and signing below, parent or guardian is agreeing that all the information provided is a true and accurate statement. Further, family agrees that Project iAm is merely funding the cost of the camp for your child, but that family has researched the program and shall not hold Project iAm responsible for anything that may result from child's attendance at Camp NUHOP.

Child's name:_____

Parent or guardian name:_____

Signature:_____

Home address:_____

Email address:_____

Telephone number:_____

Have you ever volunteered for a Project iAm event?_____ Have you ever attended a Project iAm event?_____ If yes, which event(s)?_____
