

PROJECT **iAM**[®]

iLaugh iCry iLove iPlay iAm[®]

Dear Friends,

First and foremost, a huge **THANK YOU for your interest in supporting Project iAM** as we look forward to the next evolution of Acoustics for Autism; we know there's never been more tugging at your calendar or your wallet. It's humbling and more than a little mind-blowing to think that **this will be the twelfth year of this incredible experience** and it is lost on no one that it would be impossible without your generosity.

In 2007, a small group committed to make a difference in the lives of families affected by Autism. The result was a small stage in a corner of a small bar hosting a small group of musicians and supporters, all of whom had huge hearts, raising almost \$10,000. Fast forward to 2018, and that small show on the small stage by the small group had grown to **67 different bands from all over the region filling 6 stages at 6 different locations, netting over \$50,000 in 2018.**

Despite the growth of the Acoustics for Autism event, there are some things that haven't changed, most importantly the huge hearts of those committed to providing support and information, resources, and financial assistance to families affected by Autism. Here are a few other things we haven't budged on:

- Project iAm and its Acoustics for Autism event is 100% volunteer based
- 100% of raised funds, after standard operating expenses, go directly into our scholarship fund to be distributed throughout the year
- Project iAm is a 501(c)(3), not for profit organization

Project iAm is not associated with any other local or national societies and **our sole function is to raise money for families so they can continue to get their children the care they deserve.** Our hope is that parents will get their children diagnosed early so they can begin living the fullest life they can. We do NOT promote one kind of treatment or education over another; we firmly believe that each child's individual needs dictate which source of treatment best suits their disorder.

Please take a look through the following pages to see how you can help the cause. We work hard and we hustle. We care and we put the families first. We make a difference and we tread lightly. We'd love for you to **be a partner in our mission.**

Yours in Rock N Roll,

Scott Hayes
Director of Fundraising
Project iAM
Acoustic for Autism
