

Dear Friends,

THANK YOU dearly for your continued interest in supporting Project iAm as we enthusiastically prepare for our 18th annual edition of Acoustics for Autism happening this March 2, 2025. As you know, the last several years we have begun our planning earlier and earlier due to the vast success of each event. Last year, we were able to raise an astonishing \$275,000 and distribute those funds to families in our area living with ASD. As this event continues to grow in scale each year, our pledge to you is to remain loyal to our mission and those who helped us along the way. We are fully vested in the community we serve and continue to find unique ways to support our iAm families.

We are happy to report that our total scholarship distribution for ASD children in our area has reached over \$765,000 since our inception—that's \$300,000 more than last year alone. Let's continue to build on that success and make tangible differences in the lives of the folks we help.

Project iAm and its Acoustics for Autism event is still, and will always be 100% volunteer-based. We don't have a formal office, and we don't have a staff to pay. We have generous people that are willing to share their unique talents and time. We are fortunate to have been able to give back to those volunteers who are going through their own struggles by hosting charity benefits on their behalf, again showing the community that we are proud of our family and will continue to support our own.

We consider you to be "one of us" and hope that you will continue to support this wonderful event and our scholarship program. As you review the sponsorship material this year, please take note that we are always looking for creative ways to expand, while keeping true to our mission and the event. As new businesses join the uptown Maumee area, we hope to partner with them if it brings value. Each year, we perform a thorough post-mortem evaluation that seeks to identify opportunities for continuous improvement. And as we strive to get better, we hope we have made you proud to be on our journey together. It's been a great 17 years, and we could not do it without you.

Yours in Charity and Progress,

Scott Hayes

Director of Fundraising

Project iAm/Acoustic for Autism
